Healthy and full of dark, Green leaves

**Client** : North Dakota Gardens  
**Contact** : Bismark  
**Date** : April 25, 2007  
**Personal note** : not available

### Treatment method:

- Mixed 2 oz Instagrowth Liquid Concentrate in 1 gallon of water
- Sprayed needles until soaked in Fall (Sep 2006) and again on following spring (April 2007)
- Applied ½ cup Instagrowth Granular Soil Conditioner at base of trunk at drip line
